**Task #4 (Practice work - in school):**

Pick one of these saying – **The pen is mightier than the sword** or **Look before your leap** to use for a practice photograph. You may pick the same as another person and work in partners if you would prefer. You and your partner may use the

same photographs but you must individually put them together or stage them. Each person is to turn in a printed (cheap printer) and stapled photo to this packet.

Which saying are you using: \_\_\_\_\_

What types of objects or subject mater will you put in your photo:

---

---

- You must have at least one image in your photograph that you took yourself. You may use additional images that you find on the web. Using the internet for images is ONLY allowed for the practice image.

**Practice work:**

Size: 8 x 10

Turn in: printed and stapled (no matting or saving)

**Hints:**

Use your mask tool to put work together

Try to find humor in your work – this can be really creative and hilarious.

Easier to cut out shapes and pieces when the background is really simple
